

Jean-Claude RAMONET

Chevallier-Montrachet Grand Cru

Appellation: Chevallier-Montrachet

Variety: Chardonnay

Soils: Oolitic limestone and red iron clay marl soils

Surface: 0.22 acres

Vines Planted: 1972

Oak Aging: 12-24 months in 60–70% new oak

Located on the Puligny side upslope above Montrachet, Chevallier is the oldest of the Montrachet appendages. Legend states the Lord of Puligny gave this plot to his oldest son, *le chevallier* (the knight). The Ramonet plot consists of only five rows so production is very limited. Elegant nose of florals and white orchard fruit scents. Intensely mineral-driven with a generous, refined, long finish.
